

## 2016 Operation: Coming Home

Price Brothers Inc. was honored to participate this year in Operation Coming Home. Operation Coming Home is a program created in 2007 by a group of local veterans called Triangle Real Estate & Construction Veterans (TREACV) and members from the Home Builders Association of Raleigh-Wake County. They decided to create a project for severely wounded veterans. The mission of this project is to aid local military service members who were severely wounded in combat, by fulfilling his/her family desire to live the American Dream of home ownership—thus the creation of Operation: Coming Home (OCH).

PBI members attended the recent Key Ceremony for US Marine SSGT Kris DeCapua and Family. We wish them all the best and hope they are enjoying their new home!
